Work and Internship Experience

AXA Financial Group (AXA)-Wealth management consultants Hong Kong RC Group Apr 2025 - Jul 2026

- **Channel construction and project co-ordination:**Initiated and led business development and talent recruitment projects for colleges and universities, traveled to the Hong Kong headquarters to connect resources, and established standardized talent diversion and transformation channels.
- **Demand insight and solution customization**: Connected with high-net-worth clients, utilized structured thinking to dismantle complex family financial and risk situations, and provided customized asset allocation and information consulting solutions.
- **Business Process Optimization (SOP):** Systematically sorted out financial product terms and communication logic, refined the high-frequency Q&A database, and optimized the customer communication link and service experience throughout the life cycle.

Guangzhou Xuezhuyi Education Consulting Co., Ltd.-User Operations Assistant (Internship) Operations Feb 2022 - Oct 2022

- **Daily Community Operations:** Managed 6 parent communities, formulated group rules, issued course notices, and answered questions within the group; assisted in planning and executing 2 online lectures and 1 offline parent-child activity.
- **Follow-up of Learning Data:**Counted homework submission rates and high-frequency mistakes for 50+ students weekly; generated and delivered weekly learning progress reports to the main teacher, assisting in adjusting the focus of guidance.
- **Home-School Communication and Retention:** Set up a standardized learning feedback SOP, and designed and sent weekly learning reports to parents. Conducted telephone return visits for students with declining status to collect demands and cooperate with teachers for solutions; successfully reduced the class refund rate by approximately 10% compared to the previous cycle.

Tianjin Yunhai Business Incubator Co., Ltd.-Corporate Services Assistant (Internship) China Merchants Operations Dept Nov 2019 - Feb 2020

- **Enterprise services and administrative agency:** Assisted in handling business license registration, address changes, and other industrial and commercial procedures; reviewed legal person certificates and application materials (e.g., lease contracts), and followed up on approval progress. Received visiting customers and answered basic questions regarding Tianjin settlement, school district consultation, and venue leasing.
- **Account management and information update:** Established information ledgers for settled enterprises, recorded key nodes such as handling matters, material submission, and approval progress, and regularly updated and synchronized with the team.

PROJECT EXPERIENCE

AI Project • Literature Screening-Research Assistant Business School Oct 2025

- Translated academic standards into the "Y/N/?" rule and conducted AI batch preliminary screening of titles and abstracts for 6,000 documents (reduced time from 5 minutes to 10 seconds per article), achieving a 98.9% review accuracy on a 15% sample.

Research Project-Community Pension Scheme-Project leader Business School Oct 2022

- **Demand research:** Designed a structured questionnaire and conducted household interviews with 208 elderly individuals (over 60) in the Jingjing community of Tianjin, labeling their needs across medical care, meals, and companionship dimensions.
- **Data analysis and delivery:** Generated a demand heat map through "dimension-area" two-way labeling to accurately pinpoint service gaps; authored a "standardization manual" to solidify the grading service process and resource allocation recommendations.

Public welfare project-Wuhan anti-epidemic fund-raising-Project Sponsor Business School Mar 2020

Initiated fundraising within 48 hours and formulated the collection verification and flow publicity process; donated 1,700.26 RMB to the Wuhan Charity Federation and obtained the official certificate to realize project compliance closed-loop.
